Introducing Converge International's Specialist Phone Helplines.

Converge International understands that people face many challenges in their lives and that, sometimes, these require specialised support. We believe the counsellors providing this support should be specialists with specific social or cultural experience, knowledge and understanding.

SPECIALIST PHONE HELPLINES

Your organisation offers access to one session of specialist support (available during business hours only), in addition to your existing Employee Assistance Program services.

SPIRITUAL AND PASTORAL CARE HELPLINE

We respect the fact that an individual's spiritualism and journey can take on many guises. In accessing our helpline you will be offered connection with counsellors from a number of different specific faiths or you may choose to speak to a counsellor who consults outside any specific faith based context.

HOW DO THESE SERVICES SUPPORT YOU?

When you call one of our specialist helpline services, we make an appointment for you to speak with an independent, experienced and supportive counsellor. They can also help you access additional support through referrals to external services, specialised information and resources.
